Hectronic

Smart Solutions for parking and refuelling

Authorise & Pay

HecTron – Authorisation and Payment Terminal for E-Mobility

The HecTron offers **one central solution** for payment, authorisation and control of numerous charging points.

Numerous identification and authorisation options as well as all common card acceptances can be handled with the HecTron. Existing means of identification, e.g. company ID cards, can also be used. Through the combination of different functions and modules, it offers a wide range of customisation options. This simplifies the integration of charging stations considerably! You thus benefit from maximum flexibility in the operation and expansion of your infrastructure.

HecTron, wall-housing

HecTron, stand-alone version with payment module

HecTron, stand-alone version

Your Benefits

✓ **Central terminal**

✓ **Many charging points can be activated per terminal**

✓ **PINPad „PIN on Glass" with integrated card & contactless reader**

✓ **Various identification and authorisation options as well as card acceptances**

✓ **Barrier-free payment process**

✓ **Space-saving and economical solution as wall-housing**

Typical Applications

✓ Expansion of existing filling station infrastructure

✓ Authorisation of charging processes, e.g. with employers

parking and refuelling*

Technical Data

Dimensions	H 1600 x W 280 x D 405 mm (stand-alone version) H 260 x W 440 x D 145 mm (wall-housing)
Weight	Approx. 65 kg (stand-alone version) Approx. 18 kg (wall-housing version)
Temperature range	-25 °C to +55 °C
Protection class	IP44
Power consumption	Basic absorption: approx. 60 VA +/-10 %.
Relative humidity	Up to 95 % (condensation allowed)
Display	6.5 inch TFT touch display (stand-alone version) Graphic display 240 x 128 DOTS with robust PIEZO keyboard (wall-housing)
Permissible mains voltage	230 V AC, +10/-15 %, 50 Hz
Area of application	Authorisation and payment for charging stations (different areas)

Variations

- **HecTron Wall-housing**
- **HecTron Stand-alone Version**
- **HecTron Stand-alone Version with PINPad**

Options & Packages

- **RFID reader** for station cards
- **Electronic receipt**
- **Lighting** LED lighting for control panel

Combine with

✓ **HecCharge:** Our cloud solution for the backend with flexible 3rd party and back office integrations

✓ **Live Monitoring PetroLine:** Monitor status messages of the terminals in real time and quickly initiate measures in case of emergency

✓ **Mobile Payment & Authorisation System easy2fuel:** Speed up the charging process and offer your customers contemporary benefits by using our easy2fuel app

✓ **PetroPoint:** Automatic vehicle recognition
